

ENGINEERING, TECHNOLOGY & APPLIED SCIENCE RESEARCH

INFORMATION FOR AUTHORS

Submit your paper online at www.etasr.com. Make sure that you follow the journal's template.

Process for Submitting a Manuscript for Publication

- (1) Only registered users can submit manuscripts. Registration is free at www.etasr.com.
- (2) Acceptance of manuscript is conditional on referee and editorial approval.
- (3) Authors can track the review process using their account at www.etasr.com.

Open Access – Policies - Copyrights

- (1) Authors grant the journal the right of first publication and published material falls under the CC BY license.
- (2) All content is freely available at www.etasr.com and immediate access is provided to all from the moment of publication.

Publication Frequency - Review

- (1) The journal is published bimonthly. The first issue of every year is published in February.
- (2) A decision about each submitted paper is reached within 4 weeks from submission. Accepted papers will be published as soon as possible (possibly in the following issue).

Style of manuscripts

- (1) Margins, columns width, line spacing and type styles are provided (built-in) in the journal's template as well as detailed instructions. The template can be found at www.etasr.com.
- (2) Define abbreviations and acronyms the first time they are used in the text.
- (3) A standard research article published in ETASR consists of six pages but no page limit is set.
- (4) A short biography for all authors at the end of the manuscript is optional but welcomed.

Equations

- (1) Do not import equations as images. Instead type them using the Symbol font or an equation editor. Use the same symbols in the text as in the equations.
- (2) Number equations consecutively. Equation numbers, within parentheses, are to position to the right of the equations. Punctuate equations with commas or periods when they are part of a sentence.
- (3) The symbols in equations have to be defined before or immediately after the equation. A denotation table/paragraph can also be added at the beginning or the end of the manuscript.

References

- (1) A reference style is provided within the template as well as examples for formatting references.
- (2) Refer to a reference in the text using the reference number within brackets.

Tables and Figures

- (1) Color figures and images are accepted providing that they are of good quality.
- (2) Figure captions should be below the figures and table heads should appear above the tables. Figure captions can not be part of the figure.
- (3) Figures have to be imported as image files, in the appropriate size. Figures should be inserted in the text and their layout should be "in line with text".
